

A 10x10 pixel grayscale image of the handwritten digit '7'. The digit is rendered in a dark gray color against a white background. The image is composed of individual pixels, each represented by a value in the range [0, 255]. The digit '7' is formed by a horizontal stroke at the top and a vertical stroke extending downwards from the right side of the horizontal stroke.

This is a 16x16 grayscale plot of a handwritten digit '3'. The image is heavily noisy, with many black and gray pixels scattered throughout the white background, obscuring the original shape of the digit.
